Are Superior to Any in the Market.

1. Because they are made from the highest types of European grapes trans lanted to the most fruitful valley in California.

2. Because of the many varieties-each is from the best-known grape for that particular wine-and consequently they are uniform in character from year to year; a very important fact with druggists and consumers.

3. Because they are made in the most careful manner and by the most ap-

4. Because they are full strength, pure juice wines, produced from the grape by natural processes only. They are entire-no water, no artificial color ing matter, no sugar, no crude alcohol.

5. Because they are never offered to the public until they are mature and fit

where the wines are stored until bottled for use, experience having proven that the care and handling of wines is as important as the making 8. Because we have no irresponsible agents, and hold ourselves responsible

for the quality and perfect condition of every bottle sold. 9. Because we can ship our wine to any State east of the Mississippl river, in lots of four or more cases, with safety to the purchaser and for less money han a like wine can be purchased elsewhere.

10. Because we are here on a permanent basis, and will refund purchase money on any wine which proves unsatisfactory.

11. Because we carry a large stock and can duplicate orders to any extent. 12. Because Mr. H. W. 13. Because the average American wines are from inferior grapes-often carelessly made, often doctored to create an artificial flavor, and put on the market too young, after an enforced clarification.

14. Because nine tenths of the so-called imported wines are spurious, or ex tended with water and poor alcohol, flavored and colored to "suit the market."

DRUGGISTS SHOULD BUY FROM US.

15. Because adulteration and faisification of wines and brandles is the rule and not the exception: while we guarantee our goods to be entirely free from any foreign substances and invite the closest analysis.

The public generally should buy To-Kalon Wines, as we have put a large capital into the business, have an immense stock always on hand, and are here to do a legitimate business for a legitimate profit:
